Liberty Chapel News Letter

Liberty Chapel, June 18. What a blessing he is in his hour to the fathers of this section who were delayed with their firm work by the long dry spell.

Mr. and Mrs. George Booker, and family were guests of Mr. and Mrs. L. C. Hatcher and Mrs. M. A. Vinton Thornhill Sunday.

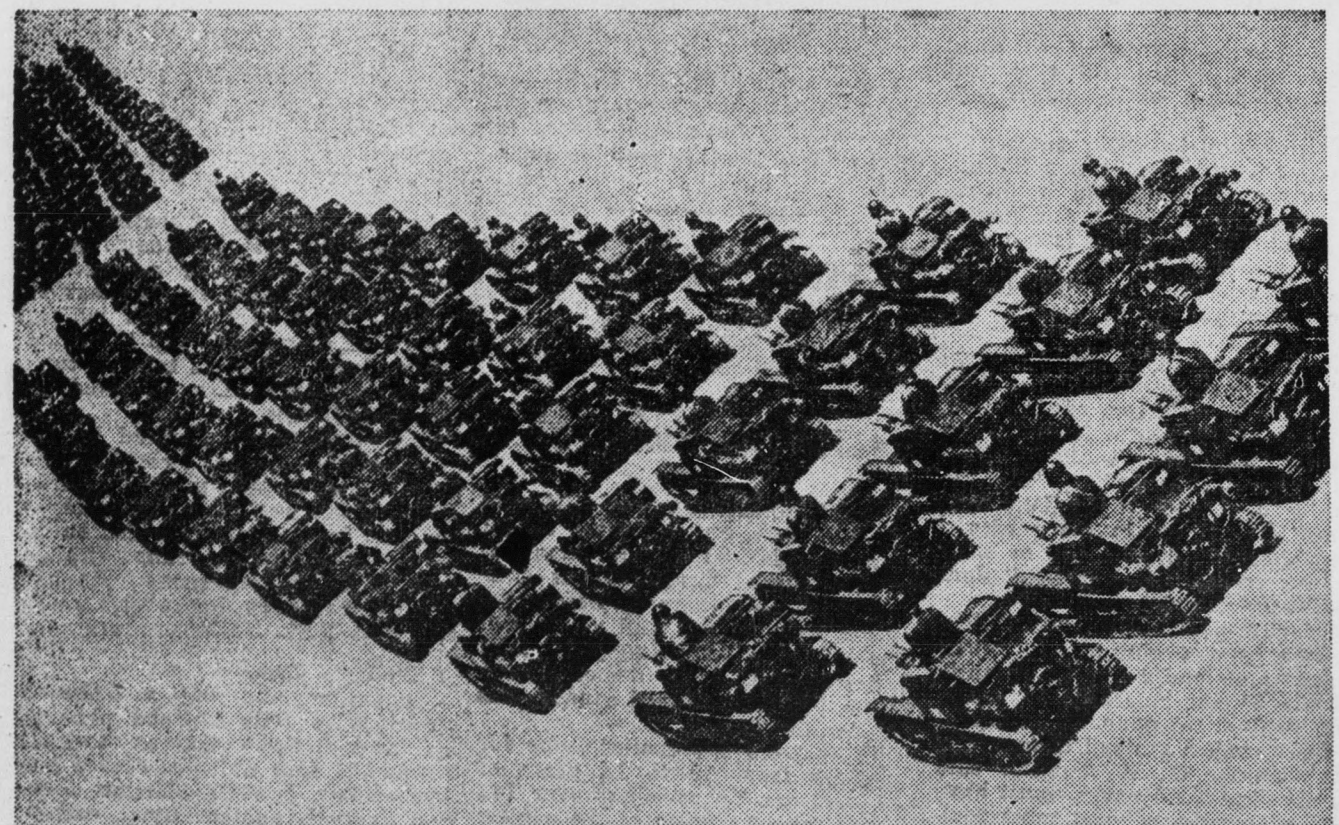

After spending several days with their parents, Mr. and Mrs. F. L. Thornhill, John Lee and Robert, returned Saturday to Cleveland, Ohio, where they have been employed for some time.

Mr. and Mrs. John Bivens, Mrs. Everett Bowles and Miss Joyce Bivens, of Richmond, Mr. and Mrs. E. R. Hammett, of Gladstone, Mr. and Mrs. F. E. Cline and son, Earle, of Lynchburg, and Mr. and Mrs. Lyle Garrett, of Concord were Sunday guests in the home of Mrs. Mollie S. Garrett.

Carver Martin and Jack Martin were among the visitors at Virginia Methodist Orphanage, Richmond, last Sunday.

The Roman Phalanx of 1940 A. D.

Julius Caesar's "phalanx" of close-packed Roman legions who formed an armored row with shields covering their advance, is improved upon by the modern "Caesar." Here are today's Roman "phalanx" armored legions that comprise part of Italy's war machine. These tanks are ultra-modern, many being equipped with flame projectors.

The Allied Troops Retreat From Dunkirk

The picture shows the allied troops wading out from the beach to the rescue boat in the right foreground, during the evacuation of Dunkirk. This was one of the most remarkable retreats in history, 837 British craft taking part in the operation. A correspondent reports that every building in this city of 35,000 persons was destroyed by the Nazis.

Egypt Prepares for Any Eventuality

Past the pyramids, ages old symbols of Egypt and the Pharaohs, rear these British Blenheim bombers, as the British and Egyptian forces prepare for any "eventuality." The feared "eventuality," of course, was the long-expected Italian entry into the great war, with a drive at Egypt from Libya as the first move.

ABOUT BEER AND ALE

AN OPEN FORUM OF QUESTIONS AND ANSWERS

QUESTION: WHY IS BEER CALLED THE BEVERAGE OF MODERATION?

ANSWER: Because beer's alcoholic content is low. Temperate, moderate nations of the world... and their people... prefer beer.

QUESTION: DO BEER AND ALE REALLY AID THE FARMERS?

ANSWER: Since re-legislation the brewing industry has bought 25,000,000 bushels of farm products. That has helped farmers particularly during the depression year.

QUESTION: JUST WHAT ARE BEER AND ALE MADE OF?

ANSWER: Beer is made by a natural fermentation process... from malted barley, other grains, hops, yeast, water. Nature's work is done. The brewer makes it good beer.

QUESTION: HOW MUCH DO BEER TAXES CONTRIBUTE TO THE COST OF GOVERNMENT?

ANSWER: Beer contributes \$1,000,000,000 a year... to help pay the costs of government... Local, state and federal. Everybody benefits from this contribution.

QUESTION: DO BEER AND ALE MAKE JOBS FOR WORKERS?

ANSWER: Beer and ale have already created a million jobs. This employment is widespread... all over the country. More than 100 industries benefit from beer and ale.

QUESTION: HOW IS THE BREWING INDUSTRY COOPERATING WITH LAW ENFORCEMENT OFFICERS?

ANSWER: The Brewing Industry is on the side of law and order. A "voluntary" plan to eliminate retail abuses has been put into effect in a number of states in cooperation with law enforcement authorities. The plan is being extended. We would like to hear about it. Write for an interesting booklet. Address: United Brewers Industry Foundation, 19 East 40th Street, New York 17, N. Y.

Chevrolet Builds Its 900,000th 1940 Car

Here is the 900,000th car of Chevrolet's 1940 model production. It left the assembly line at Flint, Mich., June 12, less than one month after No. 900,000 was completed. Inside the car are Mr. E. E. Coffey, general manager of the Chevrolet Motor Division (left), C. E. Arnold, sales, assistant manufacturing manager (right), and the 1940 model last October, sales during April and May alone totaling 307,444.

"Chevrolet has built 300,000 cars in less than a month," Mr. Coffey pointed out. "The 900,000th car was built on March 21, the 700,000th on April 16, the 600,000th on May 13, and the 500,000th on June 12. This production rate closely approximates the 1940 model's production rate since the beginning of the year."

Mr. Arnold, who has been in charge of the 1940 model's production since the beginning of the year, said that the 900,000th car was built at the Flint plant, where the 1940 model's production rate since the beginning of the year has been 1,000 cars a day.
